

Mail Order Pharmacy

Mail Order Pharmacy

Our mission is to provide our mail order pharmacy members with the tools they need to maximize savings while enhancing the quality of care they provide. In 1993, Innovatix began as a pharmacy-focused GPO, and over the years has become the industry leader with over 14,000 unique NDCs and a number of pharmacy support products and services. As an affiliate of Premier, Innovatix also offers members access to one of the most robust, competitive equipment, supply, and service portfolios available.

Ethical & Transparent

Innovatix is the only non-acute care member of the Healthcare Group Purchasing Industry Initiative (HGPII). As a member of HGPII, Innovatix operates under a self-imposed Code of Conduct, which limits our acceptance of contracted administrative fees and requires us to share Safe Harbor Reports with each Innovatix member annually. These practices reinforce our membership-driven model, which not only differentiates us in the GPO landscape, but transcends all of our business initiatives.

Clinical Services

Innovatix maintains a significant investment in clinical education, providing our members with the most comprehensive continuing education (CE) of any GPO. In 2013 alone, Innovatix offered 32 CE programs with 75 separate accreditations (27 pharmacy, 18 technician, 12 nursing, 10 NHA, 8 ACHE) and was able to award over 3,100 CE certificates.

Blood Products

Innovatix has one of the best IVIG programs in the industry through FFF Enterprises. Our members have access to the limited-supply products required to meet their patient needs. Our leading blood products manufacturers include

- Baxter
- CSL
- Grifols
- Kedrion
- OctaPharma
- Talecris
