Government Affairs Resources

The Innovatix Government Affairs program is committed to providing resources to help strengthen the advocacy work of our members at both state and national levels. Whether you are looking for data to back up your advocacy, want to learn about a particular policy or regulation, or are in need of tools to help you organize around an issue, our resources can help.

Position Papers

Innovatix position papers are designed to highlight Innovatix's stance regarding pertinent issues, policies, or regulations that may have an impact on our members. They include background information important to understanding the issue, data, and action.

Below are our position papers in reverse chronological order.

- [Interstate Drug Compounding \(August 27 2015\)](#)
