## Specialty Pharmacy

Our mission is to provide our Specialty Pharmacy members with the tools and services necessary to maximize savings while enhancing the quality of care they provide. As the **nation's leading non-acute care group purchasing organization**, we are committed to conducting our business with the highest integrity.

Innovatix recognizes that biotech therapies are among the most expensive in the healthcare industry. As costs continue to increase, Innovatix can play a critical role in the success of your organization. Our affiliation with Premier provides you access to a comprehensive portfolio of savings negotiated by leveraging a total purchasing volume of \$41 billion.

**Membership is free** so join today to start realizing savings and operating efficiencies. Let us focus on your costs so that you can focus on your patients.

## Founding Member, NASP

Innovatix is pleased to partner with the National Association of Specialty Pharmacy ([www.nasprx.org](http://www.nasprx.org)). As a founding member sponsor, Innovatix will work closely with NASP to advance the Specialty Pharmacy profession and improve patient care through education and collaboration.

## Ethical & Transparent

Innovatix is the only non-acute GPO member of the Healthcare Group Purchasing Industry Initiative (HGPII), a group committed to promoting ethical purchasing practices. Innovatix also adheres to a written code of conduct and provides every member with an annual safe harbor report.

## Specialty Referral Program

Our specialty prescription referral program aims to help pharmacies that have been excluded from payer and manufacturer closed distribution networks. The program enables clients to send specialty prescriptions to a transparent network of non-predatory specialty pharmacies for dispensing services.

## Institute of Specialty Pharmacy

*Specialty Operations Training Program:*

- Our weekly training program is designed to help implement specialty pharmacy operations.

*Certification Programs for Specific Therapeutic Categories:*

- CME credits for pharmacists
- Disease state certification programs
