## OncologyExpress

### OncologyExpress

OncologyExpress is group purchasing organization (GPO) program designed by Innovatix to address the specific needs of independent oncologists. As a trusted industry leader with more than 20 years of experience, Innovatix offers its OncologyExpress members access to an extensive contract portfolio built on \$56 billion in purchasing volume. Working in conjunction with FFF Enterprises, our oncology product wholesaler, the OncologyExpress portfolio includes over 15,000 unique NDCs and a number of pharmacy support services. As a wholly-owned subsidiary of Premier, Innovatix also offers OncologyExpress members access to one of the most robust and competitive equipment, supply, and service portfolios available.

### GPO Support Services

At Innovatix, we realize that securing best-in-class pricing is only part of the equation. That's why we've developed a suite of tools and services designed to ensure our members receive discounted pricing and have sufficient data to make informed purchasing decisions. Our tools and services include:

- › Electronic contract attachment technology designed to initiate and renew contracts, streamline the attachment process, and simplify the onboarding process.
- › In-depth analytical capabilities that project savings estimates, provide access to enhanced tier savings, and benchmark pricing across a facility.
- › A dedicated auditing department that tracks pricing accuracy, contract compliance, and supplier eligibility.
- › Customized reporting capabilities that deliver actionable business information.

### Clinical Information

Innovatix is committed to ensuring that our members have the tools and resources they need to provide the best patient care while operating successful businesses. Our clinical

resources are available to members free of charge as value-added services. They include:

- › Access to our staff of eight in-house clinical experts.
- › CE credits through a monthly teleconference program, in-person programming, and written education programs.
- › Care Solutions manuals that serve as management guides for specific diseases and conditions.
- › Contract Advantage tools that help members save by providing contracted alternatives to higher-priced non-contracted drugs.
- › Up-to-date clinical news and resources.

### Multi-Tiered Customer Support

OncologyExpress members receive ongoing support from a team of experienced professionals who are committed to delivering exceptional value and complete member satisfaction. The Innovatix customer care teams work with each member individually, analyzing data to identify purchasing needs and goals. Our objective is to secure the greatest value for each of our members.

### Suite of Pharmacy Operations Improvement Programs

In addition to offering an industry-leading contract portfolio, Innovatix is committed to developing programs that help our members thrive. For oncology practices affiliated with a pharmacy, our suite of pharmacy operations improvement programs includes value-added and fee-for-service solutions that support specialty pharmacy operations, accreditation, and credentialing.

### Ethical & Transparent

Innovatix is a member of the Healthcare Group Purchasing Industry Initiative, a voluntary association of healthcare GPOs created to encourage and sustain best ethical and business conduct practices in the GPO industry.
