

A PREMIER INC. COMPANY

## Mail Order Pharmacy

### Mail Order Pharmacy

Our mission is to provide our mail order pharmacy members with the tools they need to maximize savings while enhancing the quality of care they provide. In 1993, Innovatix began as a pharmacy-focused GPO, and over the years has become the industry leader with over 15,000 unique NDCs and a number of pharmacy support products and services. As a wholly-owned subsidiary of Premier, Innovatix also offers members access to one of the most robust, competitive equipment, supply, and service portfolios available.

### GPO Support Services

At Innovatix, we realize that securing best-in-class pricing is only half of the equation. That's why we've developed a suite of tools and services designed to ensure our members receive discounted pricing and have sufficient data to make informed purchasing decisions. Our tools and services include:

- › Electronic contract attachment technology designed to initiate and renew contracts, streamline the attachment process, and minimizing the onboarding process
- › In-depth analytical capabilities that project savings estimates, provide access to enhanced tier savings, and benchmark pricing across a facility.
- › A dedicated auditing department that tracks pricing accuracy, contract compliance, and supplier eligibility
- › Customized reporting capabilities that deliver actionable business information.

### Clinical Information

Innovatix is committed to ensuring that our members have the tools and resources they need to provide the best patient care while operating successful businesses.

All of our clinical resources are available to members free of charge as value-added services. They include:

- › Access to our staff of eight in-house clinical experts.
- › CE credits through a monthly teleconference program, in-person programming, and written education programs.
- › Care Solutions manuals that serve as management guides for specific diseases and conditions.
- › Contract Advantage tools that help members save by providing contracted alternatives to higher-priced non-contracted drugs.
- › Updated clinical news and resources.

### Multi-Tiered Customer Support

Innovatix members receive ongoing support from a team of experienced professionals who are committed to delivering exceptional value and complete member satisfaction. Our customer care teams work with each member individually, analyzing data to identify purchasing needs and goals. Our objective is to secure the greatest value for each of our members. Our regionally based field representatives work face-to-face with members throughout the country. In addition, we assign each member a headquarter-based Client Service Associate.

### Ethical & Transparent

Innovatix is the only non-acute care member of the Healthcare Group Purchasing Industry Initiative (HGPII). As a member of HGPII, Innovatix operates under a self-imposed Code of Conduct and shares annual Safe Harbor Reports that detail each member's spending with our program and the associated fees we earned from suppliers. These practices reinforce our membership-driven model, which not only differentiates us in the GPO landscape, but transcends all of our business initiatives.

**Membership is free.** Join today to start realizing savings and operating efficiencies.  
Let us focus on your costs so you can focus on providing quality care.
